

Live with Allah

Class 10

12th November 2019

Alhamdullilah we have the opportunity we have its never too late. Allah will make you experience then teach you at the right time. There is none like Him. Allah never leaves you, He is the Most Merciful. He will not change you overnight, learning is a gradual process. Allah's Name organize our life. Now adays Name of Allah are coming in every class that is we are not separate, we are not detached, even for a blink of an eye we have to be with Him that is living with Allah. It's the best life with tranquility and goodness, it adds so much value to your life. Your fast, remembrance nothing will be of use without Allah. You are not distracted by His creation, its not only about provision or anything like that. You live with Him with everything. Now Allah Ar Rafeeq who accompanies you. He is giving you facilities and means so He will not

leave you without anything. He will make things easy and smooth. He will make you realize your deficiencies slowly and gradually. You have to change now. He is so gently making you realize He is so Rafeeq. You need to feel He is so gentle, though Allah is able to fix us quickly without any means. He is not hasty to punish us when we commit mistakes.

How shirk comes with this name? They are thinking someone else is gentle more than Allah. You take partners or you associate to the mean rather than Allah. You will be distracted from Allah. Rafeeq is personal attribute but for us we adopted it and its not our personal attitude. When you see someone who is gentle and sweet then you always think of Allah as Rafeeq and it reminds you of Allah that can save you from shirk. Allah is the knower of all-good. No one except Allah He is the one accompanying every time. To remove any kind of shirk always associate all blessing to Allah. No one is perfect like Allah no matter what. Attribute any gentleness from any human being to Allah.

This is the last ayay we did in last class. If you hear about Allah Ar Rafeeq then it has impact on you. Even Allah said to Musa and Haroon

that be gentle with Firaun. Allah said to Musa to be gentle to Firaun so we cannot justify that the specific person is so bad no one is bad like Firaun so you can't justify being harsh, you have to be soft. It will not work. With gentleness, Allah is able to make us do anything. We should not be harsh with anyone. With harshness, people become rebellious. They will never do what you want or correct themselves.

Hadith:

According to another report (14/146) a group of Jews asked for permission to enter upon the Messenger of Allaah (peace and blessings of Allaah be upon him), and they said, "Al-saam 'alaykum (death be upon you)." 'Aa'ishah said, "Bal 'alaykum al-saam wa'l-la'nah (No, death be upon you and curses)!" The Messenger of Allaah (peace and blessings of Allaah be upon him) said, "O 'Aa'ishah, Allaah loves gentleness in all things." She said, "Did you not hear what they said?" He said, "I answered, 'Wa 'alaykum (and unto you).'" According to another report, he said, "I answered, ' 'alaykum'" - without the "waw" (i.e., wa meaning "and"). According to the last hadeeth (14/148), he said, "Do not initiate the greeting of salaam with the Jews and Christians, and if you meet one of them on the road, push him to the narrowest part of it."

This shows duaa of someone who makes curse on you will not be responded. Imagine now the duaa of believer is so strong. Anyone with gentleness is the winner and not with being harsh.

Case study:

How to prepare children with Rifq?

We are always in rush shouting at kids and running and we don't even look at their face and we put food in their mouth. Rifq is basically to place everything in its place. You will not reach faster than you are destined to reach, what is the point of rushing and why so you think that your strength will make you faster that's not possible. Imagine your day is gentle you will make duas and you will make wudu with gentleness. Wake the kids up with gentleness. Believe in Allah Rafeeq and say positive things to your children. If you have Rifq you will be able to enjoy life and make it enjoyable for others. Ask Allah to make us gentle. Your life will be so much easier. Nabi sallallahu alehe wasslam said that if you have people under you and you make life difficult for them then may Allah make their life difficult. This is so serious we have to think about this. May we not be worthy of this.
